Art Unit: 3652

While there is concurrent litigation related to this reissue application, action in this reissue application will NOT be stayed because there are no significant overlapping issues between the application and that litigation. Due to the related litigation status of this reissue application, EXTENSIONS OF TIME UNDER THE PROVISIONS OF 37 CFR 1.136(a) WILL NOT BE PERMITTED.

This application is in condition for allowance except for the following formal matters:

The disclosure is objected to because of the following informalities:

The amendment filed June 27, 2006 amending paragraphs 2-4 of column 3 is improper, because:

- 1) the arrows on the right hand side of the column should be deleted, and
- 2) the double brackets on line 4 and 14. Note 37 CFR 1.173(d)(1) stipulates the use of single square brackets and not double brackets.

Appropriate correction is required.

Furthermore, on the first page of the amendment filed June 27, 2006 the word "strikeout" should be changed to "brackets" since striking out is not permitted in reissues.

The relevant parts of 37 CFR 1.173 are:

(d) *Changes shown by markings.* Any changes relative to the patent being reissued which are made to the specification, including the claims, upon filing, or by an amendment paper in the reissue application, must include the following markings:

- (1) The matter to be omitted by reissue must be enclosed in brackets; and

Art Unit: 3652

(2) The matter to be added by reissue must be underlined, except for amendments submitted on compact discs (§§ 1.96 and 1.821(c)). Matter added by reissue on compact discs must be preceded with "<U>" and end with "</U>" to properly identify the material being added.

Claims 1-5,9-12,16-18,23,24,27,28,32,41 and 50 are allowed.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.
